THE BIG PICTURE

We are the only Marketplace and Platform for community-based IC and IP design.

1 CUSTOMER REQUESTS

COMMUNITY DEVELOPS

Crowdsourced on-demand IP, ASIC’s and other HW products for long-tail applications.

Collaborative definition and design.

2 CUSTOMER PURCHASES

COMMUNITY DEFINES

Community created IP, ICs and other HW products shared, licensed and forked thru marketplace.
EFABLESS CUSTOMER DELIVERY MODEL – ASIC, IP

1. CUSTOMER REQUESTS
   COMMUNITY DEVELOPS

Crowdsourced on-demand IP, ASIC’s and other HW products for long-tail applications.

Collaborative definition and design.
